Find out more about an NRHA Animal Welfare and Medications Rule Change Proposal Draft

Over the past several years, many factors have lead NRHA to increase its focus on the topic of animal welfare and medications. At the January 2011 NRHA Board of Directors meeting, the Board voted to accept an NRHA Animal Welfare and Medications policy rule change draft as submitted and edited at their meeting. They also voted to receive further feedback from the membership before making a final submittal for a 2012 rule change.

READ THE DRAFT

The [rule change draft](#) was created based on the Medications Task Force recommendation, along with additional input from the Task Force, NRHA Executive Committee, NRHA Board of Directors and consultants familiar with these types of policies. PARTICIPATE

We look forward to getting additional input and suggested changes from the membership on this draft. A list of Town Talks will be held in the next few months in multiple locations, and NRHA Executive Committee members and staff will be in attendance to keep note of all member comments, concerns, suggestions and questions. Help us with the process and bring a list of these with you.
